ITEM 1

Analysis and Planning to Counteract Soviet Biological Warfare Propaganda and the "Hate America" Campaign;
Staff Study on Soviet Germ Warfare Campaign (PSB D-25).

Summary: The PSB staff has completed a study of the Communist Germ Warfare Campaign in relation to the overall "Hate America" theme. This paper attempts to identify the problem and to suggest machinery for dealing with it.

Recommendation: A. That you note the "conclusions" (paragraphs 14 through 18) in which the following changes are suggested:

Paragraph 15: Delete "the perversion of science" and substitute the use of weapons of mass destruction.

Paragraph 17: 1. Delete "Soviet communists" (which appears twice in this paragraph) and substitute communists.

2. Delete "special campaigns of the science-atrocity type" and substitute special campaigns of the mass-destruction weapons type.

B. That you approve the "recommendations" (beginning with paragraph 19, page 6) after the following changes and additions have been made:

Paragraph 22: 1. Delete "perversion of science" in sub-paragraph a.(3).

2. Add a third sub-paragraph as follows:

c. Develop new measures designed to seize and maintain the initiative in the fields of propaganda and operations.
